Dear Mr. Knowles,

Enclosed is the statement of our broadcasts of RCA Victor LPs during the previous semester. As you see, we had fulfilled our contract of approximately five hours per week. I hope that you can arrange a contract on a more satisfactory basis since the student body, I think, was stimulated to purchase the RCA records after listening to them over SN.

I find that my files on the Career Hour are incomplete. Could you send me all the information that is necessary and any information regarding possible sponsors so that my Board can consider whether to participate in such a program next semester?

Very Sincerely Yours,

Paul Baumgarten (Manager WSRN)
